

The Hosting of the Website

Once the website has been designed, it needs to be published on the Internet for all to see. This is provided for with our hosting service.

We make hosting easy for you!

With the complete V-Web package, we manage your domain names, websites, email mailboxes and aliases..... in other words, all aspects of your websites, all through one single point of contact.

Webpace Allowance	Monthly Traffic Allowance	Annual Fee inc GST
400MB	5GB	\$350
800MB	10GB	\$650
2GB	unlimited	\$1000

Features

- Web-based administration
- Webmail Access
- Web site Statistics
- Spam filter
- Search engine registrations
- Up to 25 Mailboxes and 25 aliases

The Domain Name

To have an address on the Internet, you need to register a Domain Name.

If you already have a domain name, it can be transferred to V-Web.

Registering a Domain Name is like buying the name, after which you need to "host" or delegate the name in order to make it useable on the Internet.

- **com.au** \$45 p/a - ideal for Australian businesses
Billed every 2 years in advance
- **biz** \$40 p/a
- **info** \$40 p/a
- **org.au** \$35 p/a

BUSINESS
WEBSITE
SOLUTIONS**

Product Information

V-Web is Veritech's innovative Business Web Site solution.

It's simple!

We provide you with a custom designed website, based on your preferences for design, colours and function!

The ongoing costs are very affordable, and you even have the option to update the website yourself - easily and without the need for special tools. We even provide the training! Alternatively, you can engage our professional designers to update the site for you, as little or as often as you want.

Our V-Web package consists of three components, purchased individually or as a pack.

The Creation of the Website

Small Business Pack \$1099 inc GST

- A simple website with your core business information
- A smart layout with an eye-catching banner
- Home page, Company Profile, Services Page, Contact Us page, and an additional page.
- Ideal for businesses setting up their first website, where not many ongoing changes are expected to be made to the site content.

Features

- Ideal first website
- We speak with you using non-technical terms
- Friendly, helpful service
- Feedback form included
- Hundreds of templates to choose from

CMS Business Pack Sites

For businesses who want flexibility, Content Management Systems (CMS) are ideal. CMS' allow you to create your own additional pages, and add and modify content at your leisure. We design and setup your initial template, provide you with a completed website and train you! CMS systems can be as small or as large as you choose, and can grow as you need. Sites start at \$1549

Features

- Advanced CMS system starting from only \$1549
- Additional Pages - \$120
- Product Catalogue - \$759
- Photo gallery - \$209
- Copywriting - \$495
- Flash Animation - \$149 p/hr

Custom Web Sites

We can upgrade your existing website, or build a totally new site from scratch. We offer e-commerce shopping carts, discussion forums, polling/voting systems, and fully customisable web-based systems.

Website development is charged at \$110 per hour, sites can be quoted before commencement.
